For clear opening please request at info@wbdoors.com

This WB GP SS 100 precision-flush 14 gauge stainless steel general purpose access door for wall and ceiling installation is considered the best stainless steel general purpose access door on the market. This access panel far surpasses other doors. With a frame that is laser cut from one sheet of cold rolled steel and no corner mitering, this door is aesthetically preferred by architects and building professionals worldwide.

- When a door increases in size, more cams are added for security in the ceiling or wall
- For requests on clear opening after door installed, please email info@wbdoors.com
- All installation holes must be used for proper door functionality and security
- For custom sizes, please reach out to info@wbdoors.com
- Clear opening may be impeded by structural or functional parts on door
- Drawings of any door can be requested through info@wbdoors.com
