

SUBMITTAL SHEET

**CEILING
ONLY**

The **WB Sphere One Series** Metal Access Panel is the first and only round metal access panel in its class. Featuring top of the line craftsmanship, this round access panel consists of a removable door and a white powder coat **paintable finish** to blend in seamlessly with the rest of the environment. Made out of 16 gauge electro-galvanized steel, this round access panel is perfect for nearly any ceiling application. Ships complete with safety cables so once open, door hangs securely from return frame. This round access door latches to the return frame with a twist lock mechanism so the door fits tightly and securely to frame. Manufactured for The Williams Brothers Corporation of America.

SPECIFICATIONS:

Door & Trim: 16 ga steel. Rough opening is .4" (10 mm) wider than door size.

Finish: White powder coat, **paintable surface**

Latches: Fully concealed twist lock latching mechanism. Safety cables hang the door securely from return frame.

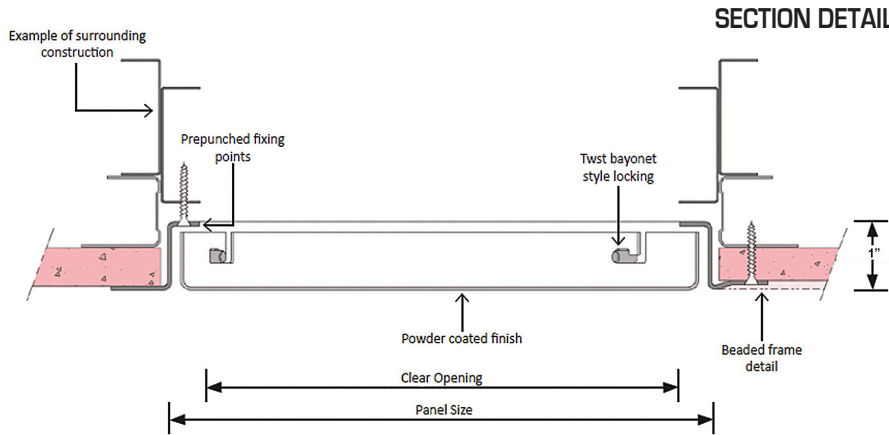

OPTIONS (at additional cost)
