**SECTION DETAIL**

ANCHOR STRIPS IN C.M.U. WALL OR CONCRETE WALL

This precision-flush access door for wall and ceiling installation far surpasses other doors because its surround trim is welded on all four sides to the return frame providing strength and rigidity. Aluminum, no corner mitering - aesthetically preferred by architects and building professionals.

1. When a door increases in size, more cams are added for security
2. For requests on clear opening after door installed, please email [info@wbdoors.com](mailto:info@wbdoors.com)
3. All installation holes must be used for proper door functionality and security
4. For custom sizes, please reach out to [info@wbdoors.com](mailto:info@wbdoors.com)
5. Clear opening may be impeded by structural or functional parts on door
6. Drawings of any door can be requested through [info@wbdoors.com](mailto:info@wbdoors.com)
