

SUBMITTAL SHEET

WALLS & CEILINGS

The WB DWAL413 is an air and dust resistant access door/panel that ships complete with unique air and dust resistant special brush seals. This air and dust resistant access door/panel is specifically designed to limit and reduce the amount of air or dust leaving or entering the area in which it is located in. This air and dust resistant access door and panel is perfect for environments such as hospitals, maintenance rooms, laboratories, or any environment where air and dust resistance is necessary. With concealed snap locks, this air/dust resistant access door/panel helps to ensure a strong seal with unique heavy duty brush seals.
