SUBMITTAL SHEET

FRONT ELEVATION

SECTION DETAIL

A precision door that provides a virtually concealed installation, keeping acoustical surfaces intact while contributing to sound control and better appearance. Door panels are recessed to receive plaster up to 1" thick. Plaster covering the door finishes flush with the surrounding field, leaving only the narrow frame edges exposed.

1. When a door increases in size, more cams are added for security in the ceiling or wall
2. For requests on clear opening after door installed, please email info@wbdoors.com
3. All installation holes must be used for proper door functionality and security
4. For custom sizes, please reach out to info@wbdoors.com
5. Clear opening may be impeded by structural or functional parts on door
6. Drawings of any door can be requested through info@wbdoors.com

SPECIFICATIONS:

Door: 14 ga. steel. Door is recessed 1" and lined with expanded metal lath

Trim: 16 ga. steel with 24 ga. galvanized plaster bead and expanded metal lath
