**WALLS &
CEILINGS**

The **WB EXT-DWAL 1650** is a frameless water-tight access door intended for exterior applications. The access panel consists of an aluminum frame, cement board, and a cylinder lock with key. The panel is fully removable from the frame with a safety cable to prevent against accidental openings. Once installed, the only thing visible is 3 mm gap. The **WB EXT-DWAL 1650** frameless watertight access door for tile is proudly manufactured for **The Williams Brothers Corporation of America**.
