WALLS & CEILINGS

FRONT ELEVATION

The **WB DWAL 414** access door/panel is a recessed access door with touch latches for a tile application. This recessed access panel for tile applications is perfect for environments where there will be a tile finish such as hospitals, bathrooms, locker rooms, or hotels. With a touch latch mechanism, this door avoids the use of any visible latches; therefore, the tile sits flush inside the access doors recess. This recessed touch latch access door/panel is available with 5/8" or 1/2" recess depending the depth of the tile used. The **WB DWAL 414** recessed access door for tile is proudly manufactured for **The Williams Brothers Corporation of America**.

SPECIFICATIONS:

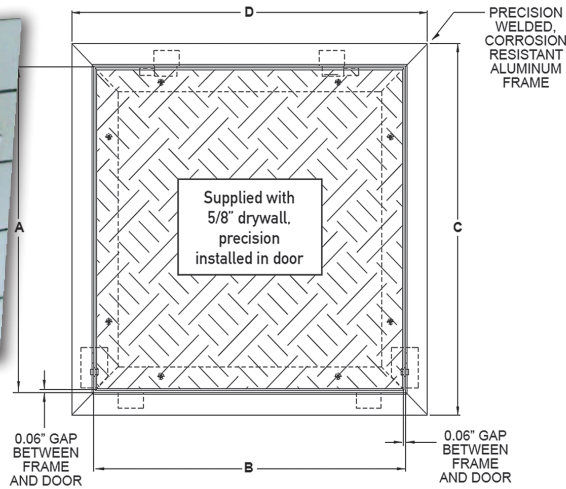

- Door & Frame:** Lightweight Welded Aluminum
Removable Door: Fully Detachable Hatch/Door
Finish: Recessed 5/8" or 1/2" for Tile
