

Projects Around the USA

Hotel del Coronado – Coronado, CA

Type: Hotels & Resorts

Products Supplied: Drywall Access Doors with 100% Aluminum Construction

The Williams Brothers Corporation is the proud supplier and manufacturer of access panels for the renovation of the iconic, 135 year old Hotel del Coronado located in the City of Coronado, California, near San Diego. When the renovation is complete in early 2025, it will have been a more than \$550 million investment. The full transformation will include opening a new location of the famous Nobu restaurant and a \$160-million renovation of the resort's oldest section, the Crown Room and Victorian Neighborhood. For this project the hotel wanted doors with all components made out of aluminum. As a result, Williams Brothers will be supplying over 1,000 custom made DW 400 drywall access doors that feature 100% aluminum construction. Doors are 100% made in the USA.

Type: Multi-Family Apartment Building

Products Supplied: Drywall Access Panels

The Williams Brothers Corporation is the proud manufacturer and supplier of the access doors for the Quarters Wynwood aka i5 Wynwood Residential Development Project. This 8-story residential development is located in Wynwood, an eclectic district in the urban core of Miami, Florida. It is home to art galleries, retail stores, antique shops, eclectic bars, artisanal eateries and one of the largest open-air street-art installations in the world. The building consists of 63 rental apartment units on levels 2-8, with a total of 217 bedrooms around a central courtyard and is comprised of 125,000 gross square feet. There will also be 3,852 square feet of retail on the first floor. The job features 65 of our WB DWAL 412 touch latch drywall access panels. All of the access doors supplied for the job are 100% made in the USA.

Quarters Wynwood Residential Development Project – Miami, FL

Type: Hotels & Resorts

Products Supplied: Access Panels with Removable Door

The Williams Brothers Corporation is the proud supplier and manufacturer of access panels for the new Gaylord Pacific Hotel and Convention Center located in Chula Vista, California near San Diego. Upon completion, the hotel will encompass over 1.8 million square feet and feature 1,600 hotel rooms, a conference center and an outdoor water park with a lazy river. In addition, the hotel will offer an indoor atrium, spa and fitness center, all-day dining restaurant and lobby bar plus public amenities and a parking garage. For this project Williams Brothers will be supplying over 200 RP 110 series access panels. Doors are 100% made in the USA.
