

BABA Compliance Statement

Williams Brothers Corporation of America is proud to confirm that our DW 400 Series Flush Drywall Access Doors with Tape-in Flange are Build America, Buy America Act (BABA) compliant.

Manufactured with domestic steel and assembled in our Virginia facility, this series fully meets BABA requirements by supporting U.S. manufacturing, job creation, and infrastructure investment. Architects, contractors, and builders who specify the DW 400 can do so with confidence, knowing they are selecting a product that not only delivers a trimless, durable finish, but also directly supports American workers and communities.

- Made in the USA quality, proudly fabricated in Virginia
- Compliance with BABA standards, ensuring eligibility for federally funded projects
- Trusted performance in a drywall access door featuring a heavy-duty 14 gauge steel door with 16 gauge frame, tape-in drywall flange, fully or semi-concealed offset hinge, flush stainless steel cam latches and a paintable baked enamel finish all tested and backed by decades of manufacturing excellence

The DW 400 Series is more than just a drywall access solution. It is a product designed to align with today's project requirements for aesthetics, compliance, and American craftsmanship.

- Access doors
- Floor doors
- Roof hatches
- Ladders
- Safety Railings
- Corner Guards
