

BABA Compliance Statement

Williams Brothers Corporation of America is proud to confirm that our GP-SS 100 Series Stainless Steel Premium Access Doors are Build America, Buy America Act (BABA) compliant.

Manufactured with domestic stainless steel and assembled in our Virginia facility, this series fully meets BABA requirements by supporting U.S. manufacturing, job creation, and infrastructure investment. Architects, contractors, and builders who specify the GP-SS 100 can do so with confidence, knowing they are selecting a product that not only delivers durability and corrosion resistance, but also directly supports American workers and communities.

- Made in the USA quality, proudly fabricated in Virginia
- Compliance with BABA standards, ensuring eligibility for federally funded projects
- Trusted performance in a stainless steel access door featuring a heavy-duty 14 gauge door with a 18 gauge frame, fully or semi-concealed offset hinge,, stainless steel cam latches and a paintable baked enamel finish all tested and backed by decades of manufacturing excellence

The GP-SS 100 Series is more than just a durable access solution. It is a product designed to align with today's project requirements for compliance, hygiene, and American craftsmanship.

- Access doors
- Floor doors
- Roof hatches
- Ladders
- Safety Railings
