

BABA Compliance Statement

Williams Brothers Corporation of America is proud to confirm that our UAD 200 Series 16 Gauge Utility Access Doors are Build America, Buy America Act (BABA) compliant.

Manufactured with domestic steel and assembled in our Virginia facility, this series fully meets BABA requirements by supporting U.S. manufacturing, job creation, and infrastructure investment. Architects, contractors, and builders who specify the UAD 200 can do so with confidence, knowing they are selecting a product that not only delivers long lasting durability and versatility, but also directly supports American workers and communities.

- Made in the USA quality, proudly fabricated in Virginia
- Compliance with BABA standards, ensuring eligibility for federally funded projects
- Trusted performance in a multipurpose, utility access door featuring 16 gauge steel construction, continuous piano hinge, flush stainless steel cam latches and a paintable baked enamel finish all tested and backed by decades of manufacturing excellence

The UAD 200 Series is more than just a dependable access solution. It is a product designed to align with today's project requirements for compliance, performance, and American craftsmanship.

- Access doors
- Floor doors
- Roof hatches
- Ladders
- Safety Railings
- Corner Guards
