

WB DWAL 250 MAP Touch Latch Plastic Access Panel

WALLS or CEILINGS

SUBMITTAL SHEET

The WB DWAL 250-MAP solves every problem of aesthetics. It is geometrically perfect with constant light, always in line with the frame and without strings. With the **DWAL 250-MAP**, the panels become a piece of furniture. Has a click-clack opening system. The panels can also be installed by gluing the frame with a normal acrylic, neutral or acetic silicone.

SPECIFICATIONS:

Application: for ceiling and wall Door & Frame: white ABS Gasket: anti-dust elastic fabric Closure: with click-clack touch latches

Accessary Kit: Dustproof protection, 4 supports for dustproof protection, bar with spring for wall installation, 2 door locking rectangles for ceiling installation, GIRAFFA™ safety system, shaped template on packaging).
